Camp Lejeune Toxic Water Contamination Compensation

Many U.S. Marine veterans and their families were exposed to toxic chemicals in drinking water on the Camp Lejeune military base in Jacksonville, North Carolina.

5 Important Facts:

1. The U.S. Government is now allowing U.S. Marines, their families, and civilians to be compensated for injuries arising from the contaminated drinking water at Camp Lejeune.

2. From 1953 to 1987, contaminated water was used in everyday life for bathing, drinking, and more.

3. Water was contaminated with many chemicals that are linked to serious health issues.

4. Health problems from exposure include cancer, neurological injuries, miscarriage, or birth defects.

5. There is no such thing as too long ago, but time is limited under the new law. Contact us today to see if you qualify.

If you or a loved one were exposed to contaminated water, call today for a free legal consultation.

Call us today. Our team is available 24/7, every day.
